The screenshot shows a dialog box titled "Daily Occurrence Log - Bring Forward". It contains the following fields and controls:

- Time for message:** Two dropdown menus showing "10" and "50", followed by the text "(hh:mm) (00:00-23:59)".
- Date for message:** A date field showing "08/15/2005" with up and down arrow buttons.
- Restrict to Site:** A dropdown menu showing "Building A".
- English message:** A text area containing "Sample bring forward message".
- French message:** A text area containing "Présentation Site-Secure".
- Buttons:** A row of buttons at the bottom: "Add", "Save" (highlighted with a mouse cursor), navigation arrows (back, forward, stop), "Print Listing", "Delete", and "Exit".

## Extensive report capabilities

With the Site-Secure Report Builder, multiple combinations of reports can be generated for data analysis and statistical reporting.

The screenshot shows the 'Report Builder' application window. At the top, there are date and time pickers for 'From' (2002/09/10 00:00) and 'Till' (2006/05/03 23:59). Below these are tabs for 'Area', 'Post', and 'Operator'. A table header lists columns: 'Event number', 'Type/Code', 'Sites', 'Level(s)', 'Team(s)', and 'Person(s)'. A list of event types is shown with checkboxes, including 'ALARM RESPONSE' (selected), 'ANNUAL LEAVE', 'BIKE PATROL', 'BOMB THREAT', 'CALL FROM SOC TO POLICE', 'CALL POLICE TO SOC', 'CALL TO POLICE', 'CALLED LEFT MESSAGE', 'CALLED NO ANSWER', 'CALLED SPOKE TO PERSON', 'DOL POSTING LIST', 'DOOR UNLOCKING', and 'ELEVATOR PROBLEM'. To the right of the list is a box labeled 'Select requested items or 'Clear All/Select All'' with buttons for 'Find', 'Clear all', and 'Select all'. At the bottom of the window are buttons for 'View Sql', 'Build Report', and 'Exit'.

Also included are built-in “quick reports” such as:

- Report by occurrences by operator
- Report by occurrences per site
- Report by elapsed time for occurrences
- Tabulation of occurrences handled per operator per shift
- Tabulation of occurrences per shift, day, week or month
- Report by Team/Work group
- Custom queries, custom reports
- Multiple sort orders for report printing
